Experience

Media Program Manager, National Park Service; Rocky Mountain National Park, CO — 2015–Present

- Independently manages all aspects of schedule, production, budget, ordering, and storage of park's media, including over 750,000 printed publications annually.
- Manages parks interpretive and directional signage, including replacing existing and creating new designs and infrastructure.
- Serves as webmaster for park's official site, which had nearly 10 million visits in 2018.
- Oversees park social media, with over 1.25 million followers in 2018.
- Works as park photographer, videographer, and podcast host and producer.

Cartographer, National Brochure Program, National Park Service; Harpers Ferry Center, WV — 2011–2015

- Key member of national program producing 12+ new and updating 200+ existing designs and printing over 26 million official National Park Service brochures annually.
- Created maps, data graphics, designs, and text for dozens of new brochures.
- Updated maps, graphics, and text of 100s of existing brochures.
- Independently managed dozens of simultaneous projects within multiple internal teams. Worked with park staff from across the country.
- Maintained public website delivering hundreds of map files to the public.

Cartographer, Atlas of Yellowstone, University of Oregon; Eugene, OR — 2010–2011

- Crafted page-pairs for a comprehensive atlas of Yellowstone National Park.
- Created maps, bird's-eye views, graphics, and text exploring natural and cultural history.
- Consulting with in-house staff, researchers, and subject-matter experts, researched, created, and implemented designs to communicate complex scientific information.
